2. Members VS. Leaders. Dependability is key. Each Leader needs to be at their position.

- Combine efforts to create one show. Collaborate under the HWU Network. “All shows under one roof doing the work of The Most High. “Create a member driven community website that is supported by technology comparable to face book.” Mission-to wake people up.
- Focus in on one area. Up the audience. Code of conduct, professional shows to communicate the message. Forcing members to work together. All people invited to join.
- Continue to create the HWU Network Code of Conduct. Create Bylaws.
- Become an established NPO. Go over the total costs involved, and get creative with raising funds to manifest the goals we want to reach.

5. Be resolved to be reconciled back to AHYAH. We must be willing and obedient to do the will of the Most High. We are becoming leaders, and we must be accountable and show forth Yahuwah, and the purpose of Yahushua, as they proclaimed the Kingdom. We must repent, and be diligent to seek the Most High in all things.

- **Mission Statement – Brother Dawid**
