5. How to combat the usurpers attempting to hijack the Hebrews living in Africa.

- (Example of understanding the enemy –Satan-and his circle of “power.”): An evil entity has been given power for 1 year. It has no power over or under that time frame. It has to follow laws in a certain period of time in order to gain power; for a limited amount of time. We must recognize the time constraints in order to take their power away.
- March 19th Super Moon. They decided to attack Libya. 11th of March-Japan Nuclear plant exploded. We must pray to the Most High so that we must be the first line of defense to bring down these evil entities before they happen. If we understand the signs and the times, we will be able to stop them.

{HWUNET.ORG Hebrew Council}

- The other power we lack is the metaphysical power of The Most High. We should know how to explain why these things exist. We should be CONNECTED, in other words, to The Most High in such a way that we can call on Him and He will back us up in the endeavors we pursue to destroy evil when it attacks.
- Benyamin Freeman-WWI 1917 Jews wanted Palestine WW2 Jews want Palestine. WW3 NOW-Jews want Palestine. If the Jews weren't frontin' and trying to be the Hebrews, the world would not be destroyed. If we had not gone against The Most High and stayed under the covenant, the world would not be destroyed. All "religions" came from copy-cats and false additions of our set apart covenant with The Most High.

4. Our Brothers from Kenya: We Have Great News.

- GOOD NEWS-Pray on it this week: Pastor Martin from Kenya! They spoke together with Alane and Dawid last week. Some Messianic Hebrews found him and tried to help him build his church. They spoke about HWU. He wants the honest truth from a Hebrew. Instead of us looking for land in Texas, we can build our base in Kenya!! We can reach brothers in Kenya, Ethiopia, Egypt, "Israel" and more. Before we get there, we have to make it safe. There are Hebrews in the US affiliated with Hebrews in Kenya. They are already getting help from the Messianic Hebrews.
- Now, bring notice to the things going on in Kenya and bring to light any foul play. Get Martin strong and help his congregation. Reach brothers and sisters in Uganda, Nigeria, Limba etc. Connecting the Tribes in Africa then become one voice. Uniting Hebrews under The Most High!!! Showing who really are and where we all come from: Not from Ohio, St. Louis or Oregon, (for example) but from The Father!! Uniting the chosen people again because of, and under the covenant. "We have singers, Kenyan Music Praising The Most High."-Brother Pastor Martin.
- Sister Alane making connections in Stockton and Central Valley: Link to people in higher positions: Planning the "June-teenth" event next year. Big opportunity to inform our people of who they are! Alane will be on the committee, helping to plan. We will mobilize the people because and they are getting excited to know the truth. PR team: Getting together on the West Coast to make a strong unit for spreading this truth and educating the people.

6. Open Discussion

- Book of Maccabees very important
- 100 years prior to Yahushua, the book of Maccabees. The last of the Hebrews were massacred at that time. When the messiah came he spoke to a very mixed group of people, including the VIPERS-Edomites. There were very little Hebrews left.
- Alexandria-Place where cults originated. The Hebrew temple was taken over at Alexandria, and then Kabbalah ran rampant after that. The Levitical Priesthood was usurped and the temple was moved.
- 325 A.D.-The Message of the truth was hijacked. Once the truth came out when Yashayah (Yahushua) came to the earth, the people needed to make a false doctrine so the Hebrews and the people would not find out how to come to the truth, find The Father or Salvation.

- We must remember that The Father still loves us. These punishments that take place are not to harm us, but to bring to light and punish the evil who has stolen our heritage. We are not to fear. The Father's hand is upon us.
