

Lucifer and the Covenant of the Founding Fathers | Mystery Babylon Unveiled

Opening Monologue: November 7th 2010,

Welcome to BTR I am your host Dawid Yacob Maccabeus you are listening to Signs and Wonders, I am coming to you live from Sweden today's date is November 7th 2010.

Today Broadcast is entitled:

The Covenant of Lucifer and The Founding Fathers | Mystery Babylon Unveiled. Watcher File 5

Before I start I need to Open in a word of prey:

Free Prayer:

Pray for Protection, Pray for Guidance, Pray for Forgiveness of our forefathers for breaking your covenant,

This is another very important broadcast. I will be taking calls towards the end of this broadcast if I have time, but it is vital that I get as much of this information to you as possible. I have a few documents on my website Israelite that is Israelite I will also make this into a blog so you can download the MP3 and follow along with it at your convenience.

So Lets Begin:

The Occult Definition:

The word occult comes from the Latin word *occultus* (clandestine, hidden, secret), referring to "knowledge of the hidden".[1] In the medical sense it is used to refer to a structure or process that is hidden, e.g. an "occult bleed"[2] may be one detected indirectly by the presence of otherwise unexplained anaemia. The word has many uses in the English language, popularly meaning "knowledge of the paranormal", as opposed to "knowledge of the measurable",[3][4] usually referred to as science. The term is sometimes popularly taken to mean "knowledge meant only for certain people" or "knowledge that must be kept hidden", but for most practicing occultists it is simply the study of a deeper spiritual reality that extends beyond pure reason and the physical sciences.[5] The terms esoteric and arcane can have a very similar meaning, and the three terms are often interchangeable.[6][7]

The term occult is also used as a label given to a number of magical organizations or orders, the teachings and practices taught by them, and to a large body of current and historical literature and spiritual philosophy related to this subject .

Now this is a good definition, but if you really want to get into the meaning of a word you have to go to it's origin. Then you will receive a whole new understanding.

Word Origin & History

OCCULT:

The word was founded in the 1530s, "secret, not divulged," from L. *occultus* "hidden, concealed, secret," pp. of *occulere* "cover over, conceal," from *ob* "over" + a verb related to *celare* "to hide," from PIE base **kel-* (see *cell*). Meaning "not apprehended by the mind, beyond the range of understanding" The word becomes association with the supernatural SCIENCES (magic, alchemy, astrology, etc.) starting in the 1630s. This in part was due to the discoveries of Sir Issacc Newton concerning the laws of gravity and the create of the new Science called Natural Science or better known as physics. We will hit on this latter.

For now here are a few things to pay attention to:

What was going on prior to the this date 1530? Since the word Occult was created by the latins in the 1530s what was the need for them to create this word?

Here is a list of ivents to give us a clue:

The reformation 1517 the start of the Protestant movement. The Catholic church began to loss it's power. At this time the POPE was **LEO THE X**. Pope LEO was known for his abuse of power and for the selling indulgences. He was removed by posion and then replaced by a pope named **Pope Adrian VI**. Pope Adrian the VI tries to refrom the Church, but he is murdered after just 1 year and 5 months. Then we have the cousin of POPE **LEO THE X** named **Pope Clement VII** who was a Knights of Rhodes - Whom was responsible for creating the (Knights of Malta) he was also killed. He died after eating posionious mushroom in the year 1534.

Also at this time we have **King Henry VIII** he was King of England, Ireland and claimant to the Kingdom of France. He was known for having six wives or six marragies two divorce by beheading. Henry VIII is known for his role in the separation of the Church of England from the Roman Catholic Church. His struggles with Rome led to the separation of the Church of England from papal authority, the Dissolution of the Monasteries, and establishing himself as the Supreme Head of the Church of England. So basicly there was a lot of turmoil at this time. The Scandanavian Kingdoms jumped on the bandwagen and stop paying taxes to the Catholics and started giving power to Lutherism. Now we have a split in the power structure.

We also have changes with the language going on. In 1524 we have the Letter **I** being replaced by the letter **J** so those of you that are stuck on the English pronounceation of the name **JESUS** understand **that it is a new thing.**

Because the English adopted the letter **J** from the French whom adopted it from the Latins the Latins which are the Romans. Now the Romans got the **name** from the Greeks the Greeks from the Aramaic which is an African Asiatic Language. The Aramaic got it from the Akkadian Language the Akkadian which is the Babylonians got it from the Phoenicians the Phoenicians which are the **Canaanites** you know those black people that Pope Nicholas V signed in to slavery. He most likely used Genesis to justify it well those people. They are called Phoenician and out of The Phoenician Language we get Paleo – Hebrew which is a combination of the Original Hebrew better known as Ancient Hebrew blended with the Phoenician Language. Which of course is African.

I just had to add that in here for all those that still think the Jew is the Hebrew. So the 1517 reformation sparked a lot of changes and the Catholics were desperate to maintain control.

Now here is what happened after the 1517 Protestant Reformation:

The founding of the Jesuit Order in 1534 the same year pope Clement VII was poisoned by the mushrooms:

In 1534 the Society of **Jesus** was founded to "strive especially for the propagation and defense of the faith and progress of souls in Christian life and doctrine." [4] The Society participated in the Counter-Reformation and later in the implementation of the Second Vatican Council in the Catholic Church.

And out of the Jesuit Order we get suppression... SS / KGB style suppression.

Then there was something called The Roman Inquisition:

And it reads:

“The Roman Inquisition was a system of tribunals developed by the Holy Roman Church during the second half of the 16th century. It was responsible for prosecuting individuals accused of a wide array of crimes related to heresy, including sorcery, immorality, blasphemy, Judaizing and witchcraft, as well for censorship of printed literature. “

The true power behind the conflict was not Luther he was just the spark the power came from King Henry the VIII.

And it Reads:

“The separation was actually a by-product of Henry's obsession with producing a male heir; Catherine of Aragon failed to produce a male and the need to maintain dynastic legitimacy forced Henry to seek an annulment from the pope in order to marry Anne Boleyn. Wolsey tried repeatedly to secure a legal annulment from Pope Clement VII, but Clement was beholden to Charles V, the Holy Roman Emperor and nephew of Catherine of Aragon”.... **(So we have a family dispute and a horny king that caused the split of the catholic church) “Henry summoned the Reformation Parliament in 1529,** which passed 137 statutes in seven years and exercised an influence in political and ecclesiastic affairs which was unknown to feudal parliaments. Religious reform movements had already taken hold in England, but on a small scale: the Lollards had been in existence since the mid-fourteenth century and the ideas of Luther and Zwingli circulated within intellectual groups, but continental Protestantism had yet to find favor with the English people.” **(So the power behind the movement was Henry the VIII)**

So what we have here is the beginning of our present day secret orders. The Catholic Church which controlled the world from 96 AD from **Pope Clement I** until the challenge of 1517. Now in order to maintain their power they had to create occult orders and secret societies.

Now my question is how can Satan fight against Satan? And how do you get truth from a LIE? So what is really going on here? Is this all some divine plan or demonic war between Lucifer and the Children

of the fallen angles, or is it both?

Why did I go over that history...? To give a little more insight into why they need to hide knowledge. Remember to have knowledge is to have power. So the best way to keep power is to hide it.

Topics to write about:

PART ONE

- **Why am I doing this Broadcast**

The reason why I call this Lucifer and the Covenant is because, by now anyone that studies the occult knows that whatever The Most High does Lucifer will imitate. So if the Hebrew Israelite made a covenant with YAH then Satan will also make a covenant with his choice. So the question is what is that covenant? And who are the chosen? To answer the first question the Covenant is to have power and become a King of the earth and a god in the after life. Immortality.

The second question is a little harder to answer, because the purpose of the occult is to conceal. But when you see who has that power you will see who made the covenant. Once your eyes are open and you see who really is in control you begin to see the children of the covenant. They have owned EVERYTHING since recorded history. They span from generation to generation. They are our King, Presidents, Oligarchs, Priests and Tyrants. We can find them by looking at a few of their characteristics. In this Broadcast I will focus on the founding father of the United States of America A.K.A Mystery Babylon.

- **Now to a many of you this is old news, but I am going to hit on a few things you haven't thought about. Here are a few questions to stimulate your imagination.**

- **First what if Lucifer and the Children of the Fallen Ones AKA Fallen Angles are in a power struggle.**
- **What if the Fallen Ones are still trying to redeem themselves, by creating various religion. How many of you are familiar with the story of Enoch when Azazel and his associates begged Enoch to send a petition to the Most High? Azazel was extremely remorseful as he is bound but not yet destroyed.**
- **What if he believes if he can guide man to do right through Christianity, Islam, Judaism, Buddhism or any other RELIGION? Then he would redeem his self in the eyes of the Most High? After all this is what he was supposed to do. This is the purpose of the Watchers to intercede for man.**
- **You see the Fallen Angles are bound in darkness, but their children are not. Their children well on this earth and have access to their fathers, so they have access to us.**
- **You see Lucifer still has access to the Most High and he has access to man. We also must consider the one-third of the Angles that followed him during the rebellion.**
- **So the question is this? Is there a war between Lucifer and these Fallen Angles? Are the Watchers trying to control their rebellious children the demonic spirits? Could this be the meaning behind white magic and dark magic?**
- **How many of the Priest, False Prophets and so-called man of god been misled by the**

Angles of light speaking about new religions, imitating messengers of The Most High YAH HAYAH,...because there is another one who calls his self the Most High as-well. Would you know the difference? If you did not know the story?

- **Why do men like Benjamin Franklin, George Washington, Thomas Jefferson, James Madison the founding fathers of America dabble into the occult?**

You see these question you should start asking yourselves as we pass through this phase of the unveiling. The Secret Society is no longer secret. The Occult is becoming obsolete. So the question is what's next?

If they don't have to hide anymore then this verses from scriptures seems even more relevant today:

And it states:

“ But of that day and hour knoweth no man, no, not the angels of heaven, but my Father only. But as the days of Noe were, **so shall also the coming of the Son of man be.** For as in the days that were before the flood they were eating and drinking, **marrying and giving in marriage,** until the day that Noe entered into the ark, And knew not until the flood came, and took them all away; so shall also the coming of the Son of man be. “

So they question is whom is marrying whom? How may of you read the book of Enoch or The book of Jubilees or The book of Genesis? Do you really know why there was a flood? Have you heard of the Giants, Nephilim or Eljo? This is a reality that we should take to heart and mind. What do you think the occult is about? Have you heard of the Cabala? What is Plato republic? What is a Magi? Why did they change the Hebrew calendar during the time of Babylon and again during the time of the Romans and again under pope Gregory? How did they erase the Hebrew language from our mouths and from our memory so we could not call on the name of The Most High? Where and why did they scatter the Hebrew Israelite? I ask these question because the Occult is becoming Obsolete. Asking a question is the beginning of all knowledge. Asking the right questions will be the end of the occult elite. The chosen of the covenant.

Now here are a few things that you should know about the founding fathers and Mystery Babylon.

First Washington DC was built as an occult city revolving around the worship or Demonic Spirits AKA Children of the Fallen Angles I have a paper on my site for you to download.

Here are a few facts which should be common knowledge. I still have printouts from 1998. They are old satellite images of Washington DC. I remember being so nervous about this information that placed them in a binder and hid them for years. Now all you need to do is a simple search in Google and it's all there.

1. The Pentagram with in the Pentagon.
2. You have the broken Pentagram on the streets of DC.
3. You have the OWL on White House lawn.
4. The Washington monument that is shaped after Egyptian Obelisks the Sun god RA.
5. The pagan statues of George Washington and lady Liberty aka Athena or Isis.

I am going to read a few quote from the founding fathers on Christianity, but before I do first we have to stop and think. What is Christianity? Where did it come from? I am not talking about the message from Yahushuah the Messiah, I am talking about the pagan Messiah known as JESUS the ascended Master.

You see when you look at the begging of America and it's founding all you see is the Occult? America is the New Atlantis. Every country that was settled by the elites was positioned to be the New Atlantis. Plato's Republic is the dream. Look at Rome, Greece The Holy Roman Empire. Look at Ptolemy Egypt all of this governments were ruled by Oligarchs, Kings, Queens and Demigod gods. It's the *Modus operandi* of Lucifer. So these quotes really should not make a difference, but for those of you who are still lost and blind here you go:

Lets start with good ol Ben Franklin:

"Think how great a proportion of Mankind consists of weak and ignorant Men and Women, and of inexperienced Youth of both Sexes, who have need of the Motives of Religion to restrain them from Vice, to support their Virtue, and retain them in the Practice of it till it becomes habitual, which is the great Point for its Security." [Benjamin Franklin, 1757]

"As to Jesus of Nazareth, my opinion of whom you particularly desire, I think the system of Morals and his Religion, as he left them to us, the best the World ever saw or is likely to see; but I apprehend it has received various corrupt changes, and I have, with most of the present Dissenters in England, some doubts as to his divinity; though it is a question I do not dogmatic upon, having never studied it, and think it needless to busy myself with it, when I expect soon an opportunity of knowing the Truth with less trouble. I see no harm, however, in its being believed, if that belief has the good consequence, as probably it has, of making his doctrines more respected and better observed; especially as I do not perceive that the Supreme takes it amiss, by distinguishing the unbelievers in His government of the world with any particular marks of His displeasure.

[Benjamin Franklin, letter to Ezra Stiles, President of Yale, shortly before his death]

I also have an article on my website called "Benjamin Franklin and the Occult" it talks about founder father Franklin associations to the Hell Fire club and about the dead body remains found in his basement.

So what about Thomas Jefferson:

"I have examined all the known superstitions of the world, and I do not find in our particular superstition of Christianity one redeeming feature. They are all alike founded on fables and mythology. Millions of innocent men, women and children, since the introduction of Christianity, have been burnt, tortured, fined and imprisoned. What has been the effect of this coercion? To make one half the world fools and the other half hypocrites; to support roguery and error all over the earth."

And Here is One More How about John Adams:

"The doctrine of the divinity of Jesus is made a convenient cover for absurdity."

Now these are quotes from the founding fathers of a Christian Nation. It is obvious that they had not respects for the doctrines of Christianity. Now some would say that the founding fathers where objecting to Catholicism, but I say it's one and the same.

Now here is an article that I found called :

Little-Known U.S. Document Signed by President Adams Proclaims America's Government Is Secular

This article explains the true god of the United States and what the founding fathers believe about in god we trust. It is centered around the Treaty of Tripoli. Here is the first paragraph of that document:

“A few Christian fundamentalists attempt to convince us to return to the Christianity of early America, yet according to the historian, Robert T. Handy, "No more than 10 percent-- probably less-- of Americans in 1800 were members of congregations." The Founding Fathers, also, rarely practiced Christian orthodoxy. Although they supported the free exercise of any religion, they understood the dangers of religion. Most of them believed in deism and attended Freemasonry lodges. According to John J. Robinson, "Freemasonry had been a powerful force for religious freedom." Freemasons took seriously the principle that men should worship according to their own conscience. Masonry welcomed anyone from any religion or non-religion, as long as they believed in a Supreme Being. Washington, Franklin, Hancock, Hamilton, Lafayette, and many others accepted Freemasonry.”

Free Talk:

The point I am trying to make here is that the reason there is an America is because of the event that happened in 1517. If Henry the VIII did not give power to the protestant movement it would not have happened. These people where not divine righteous beings guided by The Most High. They might have been guided by Lucifer, but not The Most High. King James, Martin Luther, King Henry, Queen Elizabeth, The puritans The popes all of this are products of confusion and babel. The truth was stolen and hidden. What you see today is a result. America is not the representative of the Most High the Jews are not the Representative of the Most High all this is Mystery Babylon.

PART TWO

The Fallen Angels:

Every time I take up a study it always leads back to the Occult. I could study history, science music, movies whatever I can see their hand in every part of our lives. It makes you really wonder what's this all about. It makes you think who are these beings. So times I wake up in the middle of the night with the urge to write. And when I do I end up with some very interesting information. I believe when we sleep we get most of our information so I always keep a pen by my bed so when I have one of those moments I can write it down, do research then a whole new view of the world is presented.

This happen the other night and it revolved around time. First it was Daylight Savings time I was wondering why and how the world feel for that one. It's pointless!

The other is the Calender. I called into a show called Biblical Hebrews and spoke with the host of the show about a program that I found that caculates the remainder of a fraction until there is none.

I wanted to go over all of these items to bring you to this point. How do we tie all this together? I also will answer a few of the questions I presented earlier by going over the past. To begin lets start wit a man by the name Sir Francis Bacon:

Sir Francis Bacon: 1561 - 1626

was an English philosopher, statesman, scientist, lawyer, jurist and author. He famously died of pneumonia contracted while studying the effects of freezing on the preservation of meat. He served both as Attorney General and Lord Chancellor of England. Although his political career ended in disgrace, he remained extremely influential through his works, especially as philosophical advocate and practitioner of the scientific method and pioneer in the scientific revolution.

1. Father of the Founding Fathers (All of them look up to Him)
2. Freemasons(Honored by all the Masons especially Manley P Hall)
3. Rosicrucian (Rosicrucian-ism Lutheranism Order to fight against the Catholic Orders connected to the **House of Tudor. Francis Bacon and Queen Elizabeth where tight.**)
4. New Atlantis(The plan to go to America to escape the Jesuits)
5. Father of the Scientific Revolution (Given to him by Fallen Angles)

Who influenced Him? A man named John Dees:(1527–1608)

English mathematician, astronomer, astrologer, occultist, navigator, imperialist, and consultant to Queen Elizabeth I. He devoted much of his life to the study of alchemy, divination, and Hermetic philosophy. Dee wrote in the 1580s encouraging British exploratory expeditions in search of the Northwest Passage, he appears to have coined (or at least introduced into print) the term "**British Empire.**"[5] Simultaneously with these efforts, Dee immersed himself in the worlds of magic, astrology, and Hermetic philosophy. He devoted much time and effort in the last thirty years or so of

his life to attempting to commune with angels in order to learn the universal language of creation and bring about the per-apocalyptic unity of mankind. A student of the Renaissance **Noe-Platonism** of Marsilio Ficino, Dee did not draw distinctions between his mathematical research and his investigations into **Hermetic magic, angel summoning and divination**. Instead he considered all of his activities to constitute different facets of the same quest: the search for a transcendent understanding of the divine forms which underlie the visible world, which Dee called "pure verities".

Out of Hermeticism comes Rosicrucianism

which is the core of the founding fathers because it was founded by John Dees and then Inherited by Sir Francis Bacon

Out of Hermeticism comes the Order of the Golden Dawn

which comes from Hermeticism and is the supposed opposite of Rosicrucianism, but they are cut from the same cloth which is the Fallen Angles.

As you can see the split of 1517 did more then just create a Protestant Movement. It was the spread of the demonic occult all over the world, Think about the "British Empire" this term was coined by John Dees the father of modern-day occultism.

Here is a list of British Imperialism:

- Cecil Rhodes of African – British Empire
- Creation of the United States of America – British Empire
- Conquest of India – British Empire
- Conquest of South America – British Empire
- Conquest Of China thru Opium – British Empire
- Creation of the United Nations- British Empire
- IMF, WTO, WWI, WWII - all can be traced back to the British Empire

When John Dees was playing with numbers and getting information from the Fallen ones and when Sir Francis Bacon under Queen Elizabeth spoke about New Atlantis they where laying the foundation of Babylon and today we are living there dream in Mystery Babylon.

Section Two:

Modern day Science: and Sir Issac Newton: (1643 to 1727)

was an English physicist, mathematician, astronomer, natural philosopher, alchemist, and theologian, and is considered by many scholars and members of the general public to be one of the more influential people in human history.

But one thing you should take notice of. All of these men are either Science or Mathematitians. Sir Issac Newton was one of the first to sit in the Chair of "**Lucasian Professor of Mathematics**" which was occupied by **Theoretical physics** Stephen Hawkin and now another **Theoretical physics** named Michael Green.

So what is the Definition of Theoretical:

First Used in **1601** Note: (during the same time we have the new science and the new occult)

- 1 A: relating to or having the character of theory : abstract B : confined to theory or speculation often in contrast to practical applications : speculative <theoretical physics>
2 given to or skilled in theorizing <a brilliant theoretical physicist>
3 existing only in theory : hypothetical <gave as an example a theoretical situation>

Keep this definition in mind because it is important!

Now why am I mentioning all of this? - Because the history of the Occult brought us to this moment. The Occult did not start in the 1530s. That was just a reorganization. The root of the Occult can be traced back to Babylon 600 BC and the beginnings of the Cabala. Now the present day Occult can be traced back to the REFORMATION. What you have is the Children Rebelling against their parents . Protestant Rebelling against the Catholics. America Rebelling against the British Empire and The British Empire rebelled against the Holy Roman Empire. And Rome is another story:

But where does this lead use? And how does this relate to the fallen angels? First the Demonic Spirits that spoke to John Dees, Sir Francis Bacon and Sir Issac Newton gave them the ability to create the most powerful nations known to the world The British Empire and her Child the American Empire the New Atlantis was created, but now Babylon is falling. So we have something else going on. The release of the Fallen Angles.

Section Three: LHC and the Search for Dark Matter:

Theoretical physics:

Keep in mind this is all based on a theory:

They built a machine that is:

- The LHC lies in a tunnel 27 kilometers (17 mi) in circumference.
- 175 meters (574 ft) Deep below the surface of the earth.
- (-271.25 °C) the coldest place in the known Galaxy.
- The magnets can reach 10 Million Billion degrees Celsius which the hottest place in the Universe
- Space like vacuüm meaning no light can escape it.
- The largest electronic instrument on the planet.
- Push particle around a circle at speeds close to the speed of light.
- At a cost of 10 Billion Euro which is about 20 Billion US.
- All this to find a Theoretical Partial called the God Particle and now they say it's to locate Dark Matter. New matter unknown to the Universe only spoke of by the Fallen Angles.

Now knowing what we know in how they obtained this knowledge and who is in charge of this knowledge. What's really going on?

Now don't forget the other THEORY string theory where physicist talk about the 11th Dimension what happen to the other dimension and why the 11th after all it is a theory. You could have called it the 100th Dimension why 11th

Listen to this Audio Clip as they speak of the 11th Dimension

The God Particals / The Dimensions / The Beings /

And the search for Dark Matter:
